HELD A LONG SESSION

Council Met Last Night to Transact Business.

SALOON ORDINANCE UP AGAIN

The Report of the Committee Brings Forth Much Discussion—Fire Chief Morley's Appointment—Council Will Hold a Star Chamber Session Sometime in the Near Future.

Council met in regular session last night at 8:10 o'clock, with Members Purinton, Challis, Ashbaugh, Horwell, Kent and Marshall present. Members Stewart and Peake appeared on the scene about 10 minutes later.

The minutes were read and approved, and the report of the committee on the saloon ordinance came up. The minority report was signed by J. J. Purinton, and recommended that the ordinance be passed, as he thought it would conform with the wishes of the majority of citizens. The majority report was signed by the other two members of the committee, Grosshans and Mayor Gilbert, and referred it to council without comment. This was second reading of the ordinance.

Member Marshall arose and said: "I move it be recommitted to the committee, with instructions that they make a recommendation of it, or don't recommend it." This was seconded by Challis.

Grosshans—I am a member of that committee and might as well raise the question now as any other time as to what the duty of the committee is. As I understand rule 16, all the duty of committees is to inquire into the phraseology of ordinances. I don't think it is within the province of this committee to recommend the passage of that ordinance.

Marshall—That is why I request it be recommitted. I think they should do something with it. It is not the committee's place to take it and hold it two weeks, and then return it and say: "Gentlemen, here it is, but, for heaven's sake, let us out of it." We want everyone to be equally responsible. The mayor and solicitor are elected by the people, and are not elected by sections, as we are, and are, therefore, more the representatives of the people than we are. They have a right to be placed on record the same as we have.

Peake—They should do work when it is given to them to do. We can vote on it tonight. We don't want it to lay here for two weeks, and then receive no report.

Purinton—It seems to me the object of the rule is more as to finding whether the working of the ordinance is correct, and not to recommend it. It is in the province of this committee to recommend it back as they see fit and any action of this council cannot change it.

Marshall—They have made no report; what is the object of the ordinance? If it is to the betterment of the city or to its disadvantage they should so report. Why did the other two members of the committee not sign the one report. If it is the duty of one to recommend or condemn it, it is the duty of three.

Grosshans—The question is one covering the merits of the ordinance. I don't understand, because I am city solicitor, that I am one of your legislators. My duty is simply to examine the phraseology of ordinances, or I have a wrong conception of the rule. As to the merits of the ordinance it is not in the province of the committee to pass on them. The committee have made all the report they can.

A vote was then taken, and all voted to recommit it except Peake, who voted no.

Kent reported that special committee had done nothing with Jethro road, and the committee was continued.

There were no petitions, and Challis reported that he was making good progress getting signers to the waiver on Avondale street, and asked for an extension of time until the next meeting of council to complete his work. The request was granted.

President Purinton here suggested that the committees hereafter would please observe the rule which said all reports should be in writing.

Clerk Hanley read a report from the committee ordered to investigate the claim of David Green for \$25 damages, by his boy breaking his arm by falling down the Jethro steps. The committee recommended its payment. Horwell moved it be placed on the pay roll and Kent seconded.

Ashbaugh here arose, and addressing his remarks to Peake, said: "Our turner at our place said it was on the street car company's property that

the boy got hurt, and that Johnson had the steps put there. He thought the city hadn't anything to do with it, and said council would get their feet in it if they paid this claim.

Marshall—Our information is different. Steps are built on city property, and were built by the city, and we are liable for damages. The gentleman signed a waiver, clearing city of all damages. If the steps were not on city property we would be liable anyhow.

George—The property is city property. Part of it is the school lot. Johnson don't own any land there. As to who built the steps, I couldn't say.

Stewart—The steps were built by the city, and are on city property.

Ashbaugh—Mr. Headley told me steps were not built by the city. How true it is I cannot say.

Peake—The boy didn't break his arm on those steps; two boys were fighting and one fell over the railing. Thad McGovern and another fellow built those steps and Al Johnson paid for them.

Marshall explained that there was a step out at the time and the boy tripped and fell, and as the side railing was off, he had nothing to hold to.

A vote was taken on placing it on the pay roll, and all members voted yes, but Ashbaugh, Peake and Purinton. The president said the motion was carried.

Peake—I will rise to a point of order; you can't put it on the pay roll. You might be smarter than I am, but it takes six votes to place it on the pay roll.

Purinton—The chair will have to overrule the point of order. The question as to whether it will be paid comes later on, and it takes six votes to carry it.

The clerk reported that the board of health bill had been reported back because the claim committee didn't like King's bill for burying dead animals. There was some chewing over this and Peake started to review the board of health's history since 1896, and Marshall arose to a point of order. He was overruled and Peake started to go on with the history, when Marshall appealed from the decision of the chair, and the discussion wound up by placing the bill on the pay roll, although Stewart thought the sanitary policeman should find out who owned the animals and have them buried, and Purinton informed him that there was one time when nobody owns a dog—and that is when the assessor comes around, or when it was dead. Mrs. Trainor's claim for damage was referred to the street committee, with instructions to report at the next meeting.

The mayor reported a total of \$2,430.70 collected during the past month and the treasurer's report showed a balance of \$1,980.30 in the general fund; street, \$1,908.16; wharf, 149.18; fire, \$521.95; police, \$390.29; light, \$1,586.73; sinking, \$349.36; interest, \$1,672.38; sanitary, \$349.36; bridge, \$111.48; street repairing, \$1,403.70. The water works report showed a balance of \$3,184.45 on hand.

The street commissioner reported that his work had been cleaning the streets, etc., and the wharfmaster made a long report which, after long discussion, was finally referred to the wharf committee.

An ordinance to assess a special tax on the residents of Lincoln avenue to construct a sewer on the east side of the street from Burton alley to Grant street. This ordinance was passed under suspension of the rules.

An ordinance to license bill posters was next introduced. The ordinance says that all bill posters shall pay a license of \$10 a year, and anyone violating the ordinance shall pay a fine of not less than \$10 or more than \$25, the conditions of the ordinance to not apply to merchants of the city.

The light bill here came in for a short discussion but was finally placed on the pay roll, although Peake was of the opinion that he could find double the amount of lights out every month that the marshal did.

Purinton wanted to know if the clerk had attached the proper certifications to the pay roll, as provided by the statutes, and said that in the future this must be done. The pay ordinance then passed.

There was then some talk about orders accompanying all bills that came before claims committee, and the president read rule 13, which states that all bills be audited by the clerk, and certified by him to the committee.

A communication was read from the Specialty Glass company on the flat mill road question, and the matter was left in the hand of the finance committee. The finance recommended that council go ahead with the im-

A TEAM BECAME SCARED

And Bolted Through a Mass of Spectators.

BADLY INJURING MRS. HAYES

And Seriously Injuring and Bruising a Number of Others—Horses Became Frightened at the Parade—Mrs. Hayes' Death Momentarily Expected.

A serious accident occurred during the parade this morning, in which a number of persons were more or less injured, one very seriously.

The big iron gray team belonging to the city was standing at the corner of Fifth and Washington streets as the parade was passing, and became frightened. The crowd at this point was dense, and the horses plunged through, knocking spectators right and left, being captured at Murphy's place of business, after removing an iron post from the awning.

The list of injured is as follows:

MRS. WILLIAM HAYES, injured internally. May not recover.

JOHN WALKER, leg badly crushed and otherwise injured.

MRS. GEORGE COX, trampled by horses and painfully injured.

MRS. FRANK KNOWLES, Calcutta, badly bruised.

MRS. ANNIE SMITH, knee crushed.

MRS. JEFF MORLEY, arm fractured.

MRS. PHIL MORLEY, leg and arm injured.

MISS CANNE, leg crushed.

Mrs. William Hayes, of the East End, was among the crowd and was thrown violently to the ground, and seriously injured. She was picked up in an almost unconscious state and carried into the office of the township trustees, where medical aid was summoned. It was found that one of the horses had trampled on her chest, injuring her internally, and her death is momentarily expected. The lady had an infant in her arms when the accident occurred, but it was uninjured, and the first words of the mother were as to the safety of the child.

John Walker, a driver for J. T. Smith, was thrown under the wheels and had a leg badly crushed. The patrol was called and he was taken to the residence of John Jackson, rear of Knowles' pottery, where he boards.

Mrs. George Cox, was trampled under the horses, and fainted. She was taken to her home on College street in a carriage, where medical aid was summoned. Her injuries, while painful are not dangerous.

Mrs. Frank Knowles, of Calcutta, was knocked down and bruised, while Mrs. Annie Smith, of Sugar street, sustained painful injuries, her knee being badly hurt.

Mrs. Jeff Morley, of College street, had an arm bruised, and Mrs. Phil Morley received injuries on her leg.

A little daughter of Thomas Canne, aged five years, was thrown down and had a leg badly crushed.

Mr. De Wolf, press agent for the Forepaugh and Sells Bros. shows, called at the News Review office this afternoon and stated that precautions are always taken to avoid accidents. As elephants invariably frighten horses, the management have a herd to ride in advance of the herd to warn all persons having horses in charge of impending danger. These precautions were taken today, as is verified by a number of people who witnessed the casualty, who say the herald warned the driver of the city team to take his horses from that point to avoid danger.

Thomas Bryan, the driver of the team was seen this afternoon and said that he had driven up in front of the First National bank while some of the men drew their pay. After they had done this the men climbed in the wagon and he started up street, when the clown came along and notified him to get off the street as the elephants were coming. He says that he had no chance to do this, and was waiting until he could turn in back of one of the show wagons and come down the street. One of the horses began to kick, and at the first kick knocked the end gate out, and the next time got its feet over the tongue. The team then started to run, but he held to them and made every effort to turn them right in on the pavement, but could get no leverage, as the endgate was gone. He says his only object after they started was to get the team in somewhere so they wouldn't run over anybody. He says that he is at a loss to know what started the horse to kick, as it had never done so before, and was not frightened until it got over the tongue. Mr. Bryan also says that he didn't tell the showman that he was able to take care of the horses,

but told him he would get off of the street.

The curb stone along Washington street is scratched up where the wagon scraped it. The men that were in the wagon when the team started to run, jumped out.

Mrs. Hayes was conveyed to her home in the patrol wagon this afternoon at 3 o'clock but her condition was about the same, and the physicians say she cannot recover.

ASLEEP AT PILGRIMS'

A West Virginia Resident Accepts the City's Hospitality.

William Fisher came to town yesterday from the rural districts of Hancock county, and proceeded to tank himself with a beverage that muddied. He was making friendly calls on the various saloonkeepers, and at each bar drank to the health of the clerk. Becoming very sleepy, and his legs threatening to let him down to the pavement at every step, he managed to get to Pilgrim's coal office, where he made himself comfortable as possible, and lapsed into sweet dreams of high schooners and the land of wine and corn. Officer Whan appeared at his improvised bedside and offered the sleeper cooler and more comfortable quarters at the city bastille, which was accepted with profuse thanks, although Fisher intimated that he would prefer a hotel. He was locked up and continued his interrupted dreams until this morning, when the landlord informed him that \$6.60 was the city hotel's rates on circus day, and not having the requisite, was escorted back to his chamber.

Brannen and Cassidy paid their fines yesterday afternoon and were released.

PICKPOCKETS

Taken In Charge by Sheriff Gill and Officer McKenty.

Charles Gill is in the city today attending the circus and doing a little incidental police work. The sheriff, accompanied by Officer McKenty, was circulating among the crowd this morning watching out for pickpockets, and was rewarded by taking three men in charge. One succeeded in escaping, but the other two were escorted to the city jail and incarcerated. They gave their names as James Evans and James Morris, and on being searched the former was found to have on his person the sum of \$7.95, while the latter had \$3.60.

A lady called at an uptown dry goods store this morning and purchased a dress pattern, which she requested the clerk to lay aside for her until after the parade. When she returned to receive the package and pay for it she found that her pocketbook, containing between \$15 and \$20, had been stolen. She had no clue to the thieves.

SPORTING NOTES.

Mercer Continues to Pitch Good Ball and Wins Again Yesterday.

Winnie Mercer is pitching good ball, and won his eighth successive game yesterday, the Washingtons defeating Cincinnati by a score of six to four. Mercer had an excellent record, having two hits, three putouts, three assists and one error to his credit, and held the Cincinnati down to seven hits. This is one of the best games he has pitched this season.

The East Liverpool baseball club are practicing daily for their game with Homestead on Saturday, and the contest promises to be a good one.

The Tombstones are anxious to play a game with somebody, and will meet all comers.

The Columbia baseball team, of East End, will play the Crescents of Wellsville again next Saturday.

Mercer, of the Senators, won his eighth straight game at Cincinnati yesterday. "Winnie is surely a Jim dandy."

A RAT FIGHT.

An Unusual Contest That Was Interrupted by a Dog.

A very unusual sight was witnessed by the employees of the Knowles China works yesterday from the windows of the pottery. Two large rats were engaged in a furious contest on the track of the Horn switch adjoining the pottery. They would advance and retreat from one another much after the fashion of prize fighters, each inflicting savage bites from which the blood flowed freely. How long the struggle would have continued is unknown. A terrier was dropped among the ferocious little animals, thus causing them to hurriedly scamper away, and put a stop to hostilities. The fight was intensely interesting, the little animals making lightning moves and each trying to kill the other.

THIS IS CIRCUS DAY

The Great Forepaugh and Sells Bros. Shows are Here.

REUBEN AND SAMANTHA HAYSEED

Arrived in the City Early and are Laden With Copious Purchases of Ginger Bread and Peanuts—The Tent Crowded This Afternoon.

This is circus day and the small boy, as well as his older brothers and sisters, is in all his glory. The weather was just the kind the small boy desired, although he would brave a Kansas tornado or Java simoon to see the wagons removed from the cars and put the trick donkeys and ponies, while watching the elephants feed is a treat not given every day.

The circus arrived early this morning from Pittsburgh, and the forenoon was taken up in transporting the paraphernalia to the grounds at the West End. The streets were crowded with spectators until time for the exhibition, when they repaired to the grounds to witness the greatest of all shows. The parade was magnificent and highly creditable.

Our neighboring towns and rural districts contributed largely to the immense throng, and all the incoming trains were packed, while the street cars did a land office business. It was the same crowd generally seen at a circus and Reuben Hayseed, wife Samantha, and son Hiram, as well as aunt Jerusha, each were laden with huge lunch baskets filled with sandwiches, pumpkin pie and copious purchases of ginger bread and peanuts, while the red lemonade stands were largely patronized.

The tents this afternoon were crowded, and the side show man yelled himself hoarse with remarks about the most stupendous exhibition of living and dead, animate and inanimate curiosities, including giants of immense stature, fat men whose avoirdupois would break the average scales, tattooed men and freaks of every description, while the ticket agent dispensed the pasteboards for the big show with lightning rapidity.

The usual crowd of squeezers who are ever on hand to see the free exhibitions of daring tight rope walking, and never missed a free show in their lives, were on deck, but gripped their purses tightly and left the grounds after seeing everything that could be seen without the expenditure of their hoarded shekels.

The performance commenced promptly as advertised, and a remarkably fine program is being rendered, while the clowns are reported to be very funny by the small boy. The circus has among its members the best talent procurable, many of national reputation and ability. The attendance, weather permitting, will doubtless be very large tonight.

One of the leopards attacked Henry Deckwitz, its keeper, while being fed at Pittsburgh yesterday morning, and before the man could be rescued he was terribly lacerated and bitten. He was taken to the hospital suffering from blood poison and but slight hopes are entertained for his recovery.

AN ACCIDENT.

A Workman Falls Against a Buzz Saw and Is Fatally Injured.

T. J. McCord, a farmer, while working at a sawmill on the farm of Joseph Faloon, north of Salineville, tripped and fell against the saw. His right arm was severed at the elbow, while his right leg was terribly lacerated. A doctor was secured as soon as possible, but entertains but slight hopes for his recovery.

PERSONAL MENTION.

—T. J. Barnes is a Pittsburgh visitor today.

—John Moore went to Empire this morning.

—W. T. Nace, of Lisbon, is visiting friends in Lisbon today.

—Mrs. William Allen, of Beaver Falls, is visiting her sister-in-law, Mrs. McEntree, of Broadway.

Mrs. William Hayes, of the East End, was among the crowd and was thrown violently to the ground, and seriously injured. She was picked up in an almost unconscious state and carried into the office of the township trustees, where medical aid was summoned. It was found that one of the horses had trampled on her chest, injuring her internally, and her death is momentarily expected. The lady had an infant in her arms when the accident occurred, but it was uninjured, and the first words of the mother were as to the safety of the child.

John Walker, a driver for J. T. Smith, was thrown under the wheels and had a leg badly crushed. The patrol was called and he was taken to the residence of John Jackson, rear of Knowles' pottery, where he boards.

Mrs. George Cox, was trampled under the horses, and fainted. She was taken to her home on College street in a carriage, where medical aid was summoned. Her injuries, while painful are not dangerous.

Mrs. Frank Knowles, of Calcutta, was knocked down and bruised, while Mrs. Annie Smith, of Sugar street, sustained painful injuries, her knee being badly hurt.

Mrs. Jeff Morley, of College street, had an arm bruised, and Mrs. Phil Morley received injuries on her leg.

A little daughter of Thomas Canne, aged five years, was thrown down and had a leg badly crushed.

Mr. De Wolf, press agent for the Forepaugh and Sells Bros. shows, called at the News Review office this afternoon and stated that precautions are always taken to avoid accidents. As elephants invariably frighten horses, the management have a herd to ride in advance of the herd to warn all persons having horses in charge of impending danger. These precautions were taken today, as is verified by a number of people who witnessed the casualty, who say the herald warned the driver of the city team to take his horses from that point to avoid danger.

Thomas Bryan, the driver of the team was seen this afternoon and said that he had driven up in front of the First National bank while some of the men drew their pay. After they had done this the men climbed in the wagon and he started up street, when the clown came along and notified him to get off the street as the elephants were coming. He says that he had no chance to do this, and was waiting until he could turn in back of one of the show wagons and come down the street. One of the horses began to kick, and at the first kick knocked the end gate out, and the next time got its feet over the tongue. The team then started to run, but he held to them and made every effort to turn them right up on the pavement, but could get no leverage, as the endgate was gone. He says his only object after they started was to get the team in somewhere so they wouldn't run over anybody. He says that he is at a loss to know what started the horse to kick, as it had never done so before, and was not frightened until it got over the tongue. Mr. Bryan also says that he didn't tell the showman that he was able to take care of the horses,

but told him he would get off of the street.

The curb stone along Washington street was scratched up where the wagon scraped it. The men that were in the wagon when the team started to run, jumped out.

Mrs. Hayes was conveyed to her home in the patrol wagon this afternoon at 3 o'clock but her condition was about the same, and the physicians say she cannot recover.

ASLEEP AT PILGRIMS'

A West Virginia Resident Accepts the City's Hospitality.

William Fisher came to town yesterday from the rural districts of Hancock county, and proceeded to tank himself with a beverage that muddled. He was making friendly calls on the various saloonkeepers, and at each bar drank to the health of the clerk. Becoming very sleepy, and his legs threatening to let him down to the pavement at every step, he managed to get to Pilgrim's coal office, where he made himself comfortable as possible, and lapsed into sweet dreams of high schooners and the land of wine and corn. Officer Whan appeared at his improvised bedside and offered the sleeper cooler and more comfortable quarters at the city hotel, which was accepted with profuse thanks, although Fisher intimated that he would prefer a hotel. He was locked up and continued his interrupted dreams until this morning, when the landlord informed him that \$6.00 was the city hotel's rates on circus day, and not having the requisite, was escorted back to his chamber.

Brannen and Cassidy paid their fines yesterday afternoon and were released.

PICKPOCKETS

Taken in Charge by Sheriff Gill and Officer McKenty.

Charles Gill is in the city today attending the circus and doing a little incidental police work. The sheriff, accompanied by Officer McKenty, was circulating among the crowd this morning watching out for pickpockets, and was rewarded by taking three men in charge. One succeeded in escaping, but the other two were escorted to the city jail and incarcerated. They gave their names as James Evans and James Morris, and on being searched the former was found to have on his person the sum of \$7.95, while the latter had \$3.60.

A lady called at an uptown dry goods store this morning and purchased a dress pattern, which she requested the clerk to lay aside for her until after the parade. When she returned to receive the package and pay for it she found that her pocketbook, containing between \$15 and \$20, had been stolen. She had no clue to the thieves.

SPORTING NOTES.

Mercer Continues to Pitch Good Ball and Wins Again Yesterday.

Winnie Mercer is pitching good ball, and won his eighth successive game yesterday, the Washingtons defeating Cincinnati by a score of six to four. Mercer had an excellent record, having two hits, three putouts, three assists and one error to his credit, and held the Cincinnati down to seven hits. This is one of the best games he has pitched this season.

The East Liverpool baseball club are practicing daily for their game with Homestead on Saturday, and the contest promises to be a good one.

The Tombstones are anxious to play a game with somebody, and will meet all comers.

The Columbia baseball team, of East End, will play the Crescents of Wellsville again next Saturday.

Mercer, of the Senators, won his eighth straight game at Cincinnati yesterday. "Winnie is surely a 'Jim dandy'."

A RAT FIGHT.

An Unusual Contest That Was Interrupted by a Dog.

A very unusual sight was witnessed by the employees of the Knowles China works yesterday from the windows of the pottery. Two large rats were engaged in a furious contest on the track of the Horn switch adjoining the pottery. They would advance and retreat from one another much after the fashion of prize fighters, each inflicting savage bites from which the blood flowed freely. How long the struggle would have continued is unknown. A terrier was dropped among the ferocious little animals, thus causing them to stop to hostilities. The fight was intensely interesting, the little animals making lightning moves and each trying to kill the other.

THIS IS CIRCUS DAY

The Great Forepaugh and Sells Bros. Shows are Here.

REUBEN AND SAMANTHA HAYSEED

Arrived in the City Early and are Laden With Copious Purchases of Ginger Bread and Peanuts—The Tent Crowded This Afternoon.

This is circus day and the small boy, as well as his older brothers and sisters, is in all his glory. The weather was just the kind the small boy desired, although he would brave a Kansas tornado or Java simoon to see the wagons removed from the cars and put the trick donkeys and ponies, while watching the elephants feed is a treat not given every day.

The circus arrived early this morning from Pittsburg, and the forenoon was taken up in transporting the paraphernalia to the grounds at the West End. The streets were crowded with spectators until time for the exhibition, when they repaired to the grounds to witness the greatest of all shows. The parade was magnificent and highly creditable.

Our neighboring towns and rural districts contributed largely to the immense throng, and all the incoming trains were packed, while the street cars did a land office business. It was the same crowd generally seen at a circus and Reuben Hayseed, wife Samantha, and son Hiram, as well as aunt Jerusha, each were laden with huge lunch baskets filled with sandwiches, pumpkin pie and copious purchases of ginger bread and peanuts, while the red lemonade stands were largely patronized.

The tents this afternoon were crowded, and the side show man yelled himself hoarse with remarks about the most stupendous exhibition of living and dead, animate and inanimate curiosities, including giants of immense stature, fat men whose avordupois would break the average scales, tattooed men and freaks of every description, while the ticket agent dispensed the pasteboards for the big show with lightning rapidity. The usual crowd of squeezers who are ever on hand to see the free exhibitions of daring tight rope walking, and never missed a free show in their lives, were on deck, but gripped their purses tightly and left the grounds after seeing everything that could be seen without the expenditure of their hoarded shekels.

The performance commenced promptly as advertised, and a remarkably fine program is being rendered, while the clowns are reported to be very funny by the small boy. The circus has among its members the best talent procurable, many of national reputation and ability. The attendance, weather permitting, will doubtless be very large tonight.

One of the leopards attacked Henry Deckwitz, its keeper, while being fed at Pittsburg yesterday morning, and before the man could be rescued he was terribly lacerated and bitten. He was taken to the hospital suffering from blood poison and but slight hopes are entertained for his recovery.

AN ACCIDENT.

A Workman Falls Against a Buzz Saw and is Fatally Injured.

T. J. McCord, a farmer, while working at a sawmill on the farm of Joseph Faloon, north of Salineville, tripped and fell against the saw. His right arm was severed at the elbow, while his right leg was terribly lacerated. A doctor was secured as soon as possible, but entertains but slight hopes for his recovery.

PERSONAL MENTION.

—T. J. Barnes is a Pittsburg visitor today.

—John Moore went to Empire this morning.

—W. T. Nace, of Lisbon, is visiting friends in Lisbon today.

—Mrs. William Allen, of Beaver Falls, is visiting her sister-in-law, Mrs. McEntree, of Broadway.

—Squire J. N. Rose left today for Indianapolis, where he will embark in the mercantile business.

—A. H. McCoy went to Columbus today to attend the department encampment of the Grand Army.

—George Hamilton is in Columbus today attending a meeting of the trustees of the Deaf and Dumb asylum.

—J. R. Shawke, of Lisbon, accompanied by Frank Crooks, is the guest of his son, J. R. Shawke, of Fourth street.

EAST LIVERPOOL, O., WEDNESDAY, MAY 13.

For President,
WILLIAM MCKINLEY,
OF Ohio.

THEY WERE ALL HERE.

The entire households, for many miles around, were on hand for the parade, and there were some peculiar sights and costumes on deck. There were very many who went to see the animals in the menagerie today. Of course they would not be caught peeping into the circus ring—that would be simply awful: but they do love to see nature, as exemplified in the wild animals from far off climes.

J. N. ROSE, ESQ.

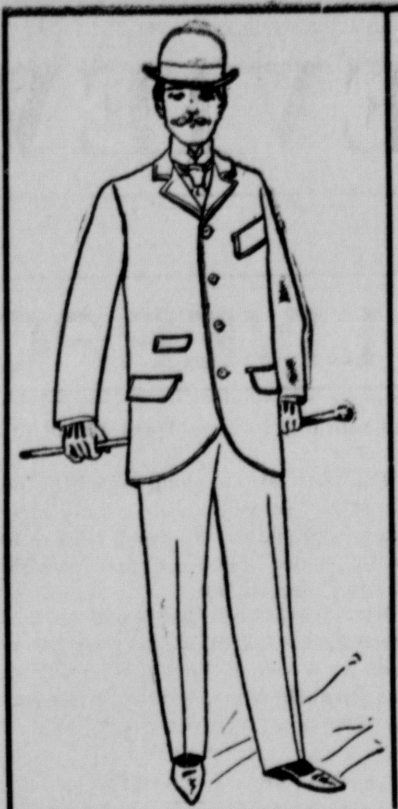

J. N. Rose, Esq., today ceased to be a resident of East Liverpool, and proposes making his home in Indianapolis, Ind. Mr. Rose has resided in East Liverpool for many years, and has a wide circle of friends and acquaintances, who will regret to learn of his departure from our midst, but who will earnestly desire that prosperity and success may attend him in his new home. The NEWS REVIEW has ever been accorded courtesy by Squire Rose in the furnishing of such news as he could consistently furnish to the public press, and the proprietors of this paper wish him the success he so richly deserves. East Liverpool can ill afford to lose such good citizens, and Indianapolis has cause for congratulation.

WHOSE FAULT.

Some one blundered today. Who was it? Mr. De Wolfe, the gentlemanly press agent of the circus combination, called at the NEWS REVIEW office this afternoon and informed the manager that the greatest precautions against danger or accidents are always taken by the proprietors and owners of the show. It is the duty of the party in charge of the elephants to ride in advance of the huge beasts and warn all parties to keep horses out of the way, as horses invariably take fright and are apt to do mischief when the elephants appear. These precautions were taken today, and some one blundered by not taking warning. Several were injured in the mad rush of the heavy team of the city, and the great wonder is that some one was not killed outright as the frightened steeds bounded madly through the dense crowd.

STAR CHAMBER.

The star chamber member of council is on the rampage. He is evidently laboring under the impression that he owns the city. It is ever thus with a certain class of men, when first entrusted with power by their constituents. Some good and true men have been thus afflicted in the past, under similar circumstances: but time and experience has brought to their assistance the attributes of good, common, horse sense, and it is to be hoped that the star chamber member will be affected by these same needed attributes before it is forever and everlastingly too late. Further than this, the star chamber member is evidently an advocate of the era of "cheap." Well, cheapness is sometimes desirable; but, at times, it is the very worst system extant, and is the very opposite of true economy. There are some men who desire to purchase the wares of others at ruinously low prices, and to secure the very highest prices for the wares they themselves handle. There are some men who desire to secure the services of workmen at starvation prices, but who cry out and whine piteously when a reduction is made in their own salary. There are some men who are impressed with the idea that old and worn out material—type, for instance—is just as good as new and costly material, especially when the advocates of the "cheap" are trying to unload the old material upon unsuspecting purchasers. But this article is headed "Star Chamber." There are times when a star chamber session is an actual necessity—when common sense dictates such a mode of procedure. Our Solons are, as a rule, men of good common sense, and they will

good proof of our better styles and more reasonable prices.

JOSEPH BROS.

Let this common sense rule. And here exists in the minds and hearts of a majority of the members of the council of East Liverpool a strong sense of the appreciation of innocent fun and genuine wit, as was evinced at the session of council last night at the expense of the star chamber member, who is evidently very thin skinned, and who shrank within himself when the barbs of fun were launched in his direction. He will know better after ripe experience has worn off the keen edge of his unsophisticatedness. Selah

GEMS OF QUICK WIT

HAPPY ANSWERS WORTHY OF A PLACE IN LITERATURE.

Old Witticisms Which Are as Good Today as When They Were First Put Forth. Law Courts and Prisoners Furnish a Goodly Share.

Mr. Samuel Weller's memorable evidence at a certain breach of promise trial is probably a "record" for the greatest number of happy answers in the shortest time, but there are authenticated instances of actual utterances which certainly rival them in brilliance and appropriateness. The law courts, as may be imagined, furnish their full quota, but many are, perforce, unappreciable by those unacquainted with the technicalities or the "argot" of the forum. Still, Lamb's chaffing description of a friend's maiden brief as the "first great cause least understood" is incomprehensible enough, as is the quiet acquiescent "That is so, my lord," of the barrister to whom an irate judge had just observed, "I can't give you brains, Mr. So-and-so." "I, myself, have two small manors, my lord," said a very ill bred, pompous counsel, to illustrate a question of property law. "We all know that, Mr. Kewsey," observed the judge with suave courtesy, and a smile of delight ran round the assembled bar. "Look at me, sir, and attend to what I shall ask you," thundered a learned counsel whose unfortunate "homeliness" of feature had gained him the sobriquet of the Veiled Prophet. "This is an English court," rejoined the witness quietly, "and you have no right to impose torture before putting the question."

Prisoners, too, have a fair proportion of "happy answers" credited to them. Of these perhaps the best known are that of a man who, when asked if he pleaded "guilty or not guilty," replied that he couldn't say till he had heard the evidence, and the naive response of the prisoner to the usual question before the sentence, "Have you anything to say, prisoner, before sentence is pronounced upon you?" "It's very kind of your honor, and if it's quite agreeable to the court I should like to say 'Good evening.'" On one occasion counsel in a certain drainage case submitted that the plaintiffs, the Sewage Localization company, had "no locus standi" in this court. "Heaven forbid!" was the fervent ejaculation of the learned judge. Something akin to this was the answer of the judge when complaint was made that a luckless process server had been compelled to swallow the writ he had endeavored to serve. "I hope," said his lordship gravely, "that the writ was not made returnable in this court."

The "happy answers," owing their point to Biblical or ecclesiastical allusions, are still more numerous, but in many cases are somewhat too audacious for print. "He is a regular St. Paul," was the final eulogy made by an enthusiastic friend of a certain needy clergyman whose chronic impecuniosity had brought him into painfully frequent familiarity with the various processes of the law for the recovery of debts. "Yes," said the bishop, whose assistance was being solicited, "quite so. I see—in prisons oft!" The pardonable but injudicious enthusiasm of some clergymen over their musical services has given rise to many smart sayings, which are, at any rate, "ben trovato." None, perhaps, is better than the familiar one of the exasperated visitor who, after being made to listen in torment to Gregorian chants cruelly murdered, was told that according to tradition those chants owed their origin to King David

himself. The visitor, rendered reckless by his misery, retorted that he had often wondered why Saul threw that javelin at the royal psalmist, but he quite understood it now.

A careworn divine is reported to have said in reply to the ecstatic declaration of an intending Benedict that "nothing in the world beats a good wife," "Oh, yes, a bad husband often does, and—'vice versa!'" One would like to have known the schoolgirl who, in reply to her brother's jeers and inquiry, "Why girls should be always kissing each other and men not?" said that, of course, it was because girls had nothing better to kiss and men had—but perhaps she studied the question too deeply and developed into the fair cynic who, after a season or two of consorts, gave it as her opinion that men were like colds, very easy to catch and very hard to get rid of. Few better things are recorded than the answer of Beaconsfield to the question how he felt after the change from the stormy scenes of the commons to the serene atmosphere of the lords. "Feel!" answered the statesman. "I feel as though I were dead and buried," and then, noticing for the first time that his questioner was a peer, he added, with a charming smile and bow, "and among the blessed spirits of the great and good." This adroit recovery from an unfortunate slip recalls the familiar story of the prince regent and the officer of marines. In those brave old days of free drinking the empty bottles which gathered apace were styled "marines," for what reason it is hard to say. The prince called to a servant and bade him "clear away those marines." An officer of that distinguished corps who was present resented the observation as being—to adopt the phraseology of Mr. Weller's mottled friend—"personal to the cloth," and requested an explanation. "My dear colonel," said his royal highness, with winning courtesy, "I called them marines because, like your fellows, they've done their duty and are ready to do it again." The apt replies in the language of compliment claim a literature of their own, but one must serve "pour indiquer les autres." "We shall never forget you," said a queen of society to one of her subjects who was making his adieux. "Your ladyship has now given me the only inducement not to return."—London Standard.

His Blooming Mistake.

A countryman of Goethe gives another instance of the difficulty a foreigner has with the English language. He was invited out to dinner soon after his arrival in England and was desirous of saying something in a very pleasant way and made use of the following expression: "Will you have the blooming kindness to," etc. He used it in the sense that the word "blooming" is used in German, as being something very charming and beautiful, little knowing what havoc slang has played with the word in England. He was absolutely at a loss to understand why everybody was so utterly horrified at what he thought was an extremely nice expression.

THE M. E. CONFERENCE

Woman Delegate Question Pops Up In Committee.

BLOW AT THE C. E. SOCIETIES.

Effort Made to Have the Epworth League Declared the Only Young People's Organization of the Church—Preacher's Hostile Interview Caused Trouble.

CLEVELAND, May 13.—The committee on missions of the M. E. general conference has considered the request of the conference of India that missionary work be done among the educated people of that country. A memorial was received requesting that all appropriations for missions be made specific instead of general. Both were referred to sub-committees. The committee recommended that the contingent fund of the missionary societies be increased from \$25,000 to \$50,000.

The woman delegate question popped up fiercely in the committee when South America asked that lay missionaries be seated in the missionary annual conferences. Many of these lay missionaries are women and it was argued that their being a part of the annual conference would allow them to be delegates to the general conference. There was a hot discussion and the matter was held in abeyance, but will probably be settled by allowing lay missionaries to occupy seats in conference, but not to vote.

The book concern committee discussed and will probably recommend that The Church Journal be published in Spanish for the benefit of Mexico and South America.

The education committee decided against the proposition to consolidate all the educational institutions, a course of procedure recommended on the score of economy.

There was a lively time at the meeting of the church extension committee over some severe criticism of the financial management of the Church Extension society. The society loans money to weak churches with which to build, the society taking mortgages. The complaint was that often these mortgages were worthless and the interest not paid. Rev. Dr. Kynett, the secretary, made vigorous answer that they were a great church and not a money-making corporation; that it would discourage the spread of the church and the Gospel to be overextending, and that to press for the last penny used for Christ was not in line with true Methodism. The committee upheld Dr. Kynett.

The Epworth League committee debated the proposition to recognize the League as the only young people's society in the church. This was hotly opposed on the ground that it would drive many young people out of the church.

At the meeting of the committee on episcopacy Dr. J. F. Goucher of Baltimore, for the sub-committee to consider the advisability of electing more bishops, reported that Bishops Bowman and Foster and Missionary Bishop Taylor were worn out and inefficient and recommended that two additional bishops be elected to strengthen the board. Dr. D. H. Moore of Cincinnati moved to make the number four and his motion was supported by Dr. Graw, Dr. Leonard and Dr. Kynett. Before action was taken the committee went into executive session and when it adjourned nothing could be learned as to the result.

The session of the conference was brief, but breezy. Considerable oratory was indulged in over the head lines of one of the morning newspapers, which made it appear that a conference delegate had denounced the Christian Endeavor Society as idiotic, because it had prayed for the conversion of Colonel Ingersoll. The storm quickly blew over, however. Rev. W. A. Quayle of Kansas City, the delegate referred to, denied the interview, but said nevertheless it was his opinion and he believed it was the sentiment of many of the delegates. He was loudly applauded. Amanda Smith, one of the most famous colored evangelists, was present, and the conference suspended business to receive her. She was given the greatest ovation of the conference, and was requested to sing. The delegates joined in the chorus, and one song was insufficient and a second was called for and given. She aroused the greatest enthusiasm.

The most important matter brought before the conference was embodied in a resolution providing for the appointment of a commission to prepare a new constitution. The shortness of the session and the failure of the conference to transact much business was due to the delay of the committees in preparing their reports.

At the armory last evening there was a meeting of the church extension society, at which Dr. William A. Spencer of Philadelphia, one of the secretaries, read statistics showing that \$5,500,000 had been devoted to the work

during the past 20 years; 9,000 churches being added during that time. The collections for the past four years exceeded those of the previous four years by \$31,000.

A Receiver Appointed.

HUNTINGTON, W. Va., May 13.—The United States court has appointed Z. Taylor Vinson receiver for the whole-sale railway and mining supply house of Smith, Hobson, Brandt & Co. This was the largest house of the kind in the state. Assets and liabilities yet unknown.

Alleged Murderer on Trial.

BALTIMORE, May 13.—The work of securing a jury to try Jerome Connell, a boy but little more than 18 years old, for the murder of his adopted parents, Captain Frederick and Mrs. Anna M. Long, for their money, has begun in criminal court here.

Missionaries Coming Home.

CONSTANTINOPLE, May 13.—Mr. Wheeler, the missionary, and family and the Gates family, consisting altogether of nine persons, have left Khar-poot, Armenia, on their way to America.

Military Surgeons In Session.

PHILADELPHIA, May 13.—The sixth annual convention of the Association of Military Surgeons is in session at the Broad Street theater.

QUEEN OF FIGHTING CRAFT.

The Cruiser Brooklyn Greater Every Way Than the New York.

PHILADELPHIA, May 13.—The cruiser Brooklyn or as she has been more appropriately dubbed, the "Greater New York," has returned triumphant to her dock at Cramp's shipyard. Her journey up the Delaware river from the capes was almost one continuous ovation, every factory along the way saluting the queen of fighting craft as she passed, and flags were dropped repeatedly.

The most conspicuous objects about the Brooklyn as she steamed up the river were the big numerals "21.07," painted in white on each side of the central smoke stack. These figures told to passing craft the story of the successful speed test. The Brooklyn has been designed as a more effective ship than the New York, being longer, heavier and possessing of supposed greater fighting qualities. Although the speed called for is the same, many of those on board are confident that she will, on her official test, about July 15, accomplish 22 knots, or one knot more than the New York.

Work is being pushed on the battleship Iowa and it is expected she will be sent away from the yard for her unofficial trial about Sept. 1.

BOND INVESTIGATORS NAMED.

Secretary Carlisle Says He Is Willing to Furnish Information.

WASHINGTON, May 13.—At the meeting of the senate committee on finance Chairman Morrill appointed a sub-committee of five to investigate the bond sales under the Peffer resolution, naming for that service Senators Harris, Vest and Walthall, Democrats; Platt, Republican, and Jones (Nev.) Populist. Secretary Carlisle's letter to Senator Morrill saying that he was willing to furnish the committee any information at his command was read, and the chairman was authorized to request the secretary to supply a statement in writing with the understanding that if additional facts should be required he would be asked to appear personally.

U. P. MISSIONARY SOCIETY.

The General Convention Now In Session at Erie.

ERIE, Pa., May 13.—With the address of welcome by Miss Elizabeth Pollock of Erie, the general missionary society of the United Presbyterian church opened here. One hundred and seventy delegates were present. Mrs. Arney S. Biddle of Jersey City, first vice president, responded on behalf of officers and delegates. Other matters were simply of routine, and consisted of the responses in behalf of foreign missionaries by Mrs. Adila Brown Ashenurst, and on behalf of home missions by Mrs. Minnie H. Speer of Chicago. The president, Jean S. Sands, in her address spoke of the new woman.

Today reports are being heard from all officers.

Might Have Resulted Fatally.

BLUEFIELD, W. Va., May 13.—A fight has occurred between H. P. Woolwine of this place and Chief of Police W. E. Watkins. Had not one of the mar-shals, named Hazelwood, interfered and struck Woolwine with his mace the chief would have been severely injured or Woolwine would have been shot.

Relative of Jeff Davis Shot.

PARIS, Ky., May 13.—Jack R. Alexander, a great-nephew of Jefferson Davis, has been shot and mortally wounded at his saloon in this city by John Steers, a brakeman, whom he refused to credit for a drink.

IN HANCOCK'S MEMORY

An Equestrian Statue Unveiled at Washington.

PRESIDENT CLEVELAND PRESENT.

He Made a Brief Speech and Presided Over the Exercises—Senator Palmer the Chief Orator—A Grandson of Hancock Did the Unveiling.

WASHINGTON, May 13.—With imposing ceremonies the heroic equestrian statue of Major General Winfield Scott Hancock was unveiled here before an immense gathering which included President Cleveland, Vice President Stevenson and representatives of the supreme court, the diplomatic corps, both bodies of congress and army veterans and colleagues of the late general. The unveiling was preceded by a military demonstration. Four companies of artillery marching as infantry, four companies of marines, with the Marine band, light battery, Third artillery, a squadron from the Sixth cavalry, the full district militia and numerous military organizations, including the Second Army corps, at the head of which General Hancock achieved his greatest victories, participated in the parade. Brigadier General Brooke, commanding the department of the Dakotas, U. S. A., was the grand marshal of the day.

The exercises opened with a prayer by Rt. Rev. James Y. Satterlee, bishop of Washington. The principal address was delivered by Senator John M. Palmer of Illinois, major general of the United States volunteers during the war. A salute was fired as the unveiling of the statue took place. Seven hundred invited friends gathered at the scene, including many relatives and friends of the deceased general. The statue stands in the heart of the business district of Washington. It is the work of Henry J. Elliott, the noted sculptor, and its total height is 33 feet 8 inches, the distance from the plynth to the top of the hat is 14 feet 6 inches, and the height of the pedestal from the ground to the plynth is 19 feet 2 inches. The proportions of the rider are such that if standing erect he would measure 10 feet in height.

President Cleveland presided over the

exercises, making a brief address and announcing the programme to an audience, which included members of the cabinet, representatives of all the official circles, the judiciary, congress, diplomatic and army and navy. Gwynn Hancock, a grandson of the general and his only male descendant, in the gray uniform of a West Point cadet, pulled a rope and the flags fell away from the statue, revealing it to the crowds, who gave three cheers, while cannon boomed a salute.

THE RIVER AND HARBOR BILL

A Vote on the Measure Will Be Taken This Afternoon.

WASHINGTON, May 13.—The animated contest which has proceeded for four days in the senate over a deep water harbor on the southern coast of California has been brought to a close by a compromise between the conflicting interests. The issue has been between the points of Santa Monica, the terminus of the Southern Pacific, and San Pedro, the locality urged by the California senators. Senator Frye, chairman of the commerce committee, finally harmonized the differences by referring the determination, as between Santa Monica and San Pedro, to a commission, to consist of three civil engineers, a naval officer and an officer of the coast survey. The compromise was accepted by the California senators and was unanimously passed.

An amendment, urged by Mr. Gorman, limiting the expenditures under the contract authorizations to \$10,000, 000 annually led to a lengthy debate. A motion by Mr. Vest to table the amendment failed, yeas 26, nays 31. An agreement was reached to dispose of the bill by 3 o'clock this afternoon.

Filled Cheese Bill Reported.

WASHINGTON, May 13.—The finance committee of the senate reported favorably the house filled cheese bill, with some amendments. The amendments reduce the annual revenue tax on manufacturers of filled cheese from \$400 to \$240, and on wholesale dealers in the article from \$250 to \$200. The report was adopted by a bare majority of one, the vote standing 5 to 4.

Favorable to Nicaragua Canal.

WASHINGTON, May 13.—The Mahon Nicaragua canal bill has been ordered reported favorably to the house somewhat amended. The canal is to be constructed according to the plans of the engineer department of the army and under its supervision.

EAST LIVERPOOL, O., WEDNESDAY, MAY 13.

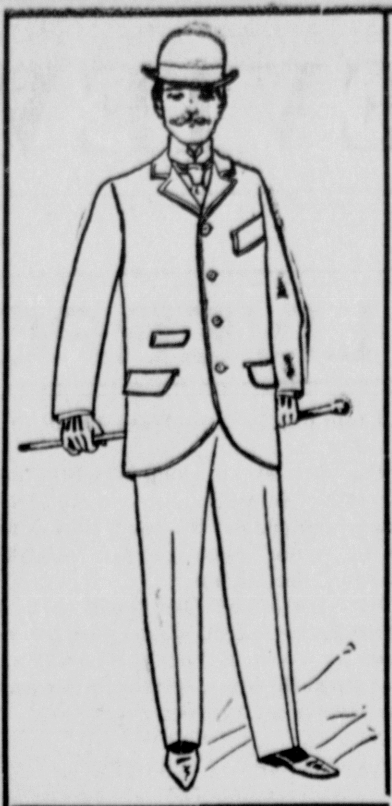

For President,
WILLIAM McKINLEY,
OF OHIO.

THEY WERE ALL HERE.
The entire households, for many miles around, were on hand for the parade, and there were some peculiar sights and costumes on deck. There were very many who went to see the animals in the menagerie today. Of course they would not be caught peeping into the circus ring—that would be simply awful; but they do love to see nature, as exemplified in the wild animals from far off climes.

J. N. ROSE, ESQ.
J. N. Rose, Esq., today ceased to be a resident of East Liverpool, and proposes making his home in Indianapolis, Ind. Mr. Rose has resided in East Liverpool for many years, and has a wide circle of friends and acquaintances, who will regret to learn of his departure from our midst, but who will earnestly desire that prosperity and success may attend him in his new home. The News Review has ever been accorded courtesy by Squire Rose in the furnishing of such news as he could consistently furnish to the public press, and the proprietors of this paper wish him the success he so richly deserves. East Liverpool can ill afford to lose such good citizens, and Indianapolis has cause for congratulation.

WHOSE FAULT.
Some one blundered today. Who was it? Mr. De Wolfe, the gentlemanly press agent of the circus combination, called at the News Review office this afternoon and informed the manager that the greatest precautions against danger or accidents are always taken by the proprietors and owners of the show. It is the duty of the party in charge of the elephants to ride in advance of the huge beasts and warn all parties to keep horses out of the way, as horses invariably take fright and are apt to do mischief when the elephants appear. These precautions were taken today, and some one blundered by not taking warning. Several were injured in the mad rush of the heavy team of the city, and the great wonder is that some one was not killed outright as the frightened steeds bounded madly through the dense crowd.

STAR CHAMBER.
The star chamber member of council is on the rampage. He is evidently laboring under the impression that he owns the city. It is ever thus with a certain class of men, when first entrusted with power by their constituents. Some good and true men have been thus afflicted in the past, under similar circumstances; but time and experience has brought to their assistance the attributes of good, common, horse sense, and it is to be hoped that the star chamber member will be affected by these same needed attributes before it is forever and everlastingly too late. Further than this, the star chamber member is evidently an advocate of the era of "cheap." Well, cheapness is sometimes desirable; but, at times, it is the very worst system extant, and is the very opposite of true economy. There are some men who desire to purchase the wares of others at ruinously low prices, and to secure the very highest prices for the wares they themselves handle. There are some men who desire to secure the services of workmen at starvation prices, but who cry out and whine piteously when a reduction is made in their own salary. There are some men who are impressed with the idea that old and worn out material—type, for instance—is just as good as new and costly material, especially when the advocates of the "cheap" are trying to unload the old material upon unsuspecting purchasers. But this article is headed "Star Chamber." There are times when a star chamber session is an actual necessity—when common sense dictates such a mode of procedure. Our Solons are, as a rule, men of good common sense, and they will

good proof of our better styles and more reasonable prices.

JOSEPH BROS.

Let this common sense rule. And it re-exists in the minds and hearts of a majority of the members of the council of East Liverpool a strong sense of the appreciation of innocent fun and genuine wit, as was evinced at the session of council last night at the expense of the star chamber member, who is evidently very thin skinned, and who shrank within himself when the barbs of fun were launched in his direction. He will know better after ripe experience has worn off the keen edge of his unsophisticatedness. Selah

GEMS OF QUICK WIT

HAPPY ANSWERS WORTHY OF A PLACE IN LITERATURE.

Old Witticisms Which Are as Good Today as When They Were First Put Forth. Law Courts and Prisoners Furnish a Goodly Share.

Mr. Samuel Weller's memorable evidence at a certain breach of promise trial is probably a "record" for the greatest number of happy answers in the shortest time, but there are authenticated instances of actual utterances which certainly rival them in brilliance and appropriateness. The law courts, as may be imagined, furnish their full quota, but many are, perforce, unappreciable by those unacquainted with the technicalities or the "argot" of the forum. Still, Lamb's chaffing description of a friend's maiden brief as the "first great cause least understood" is incomprehensible enough, as is the quiet, acquiescent "That is so, my lord," of the barrister to whom an irate judge had just observed, "I can't give you brains, Mr. So-and-so." "I, myself, have two small manors, my lord," said a very ill bred, pompous counsel, to illustrate a question of property law. "We all know that, Mr. Kewsey," observed the judge with suave courtesy, and a smile of delight ran round the assembled bar. "Look at me, sir, and attend to what I shall ask you," thundered a learned counsel whose unfortunate "homeliness" of feature had gained him the sobriquet of the Veiled Prophet. "This is an English court," rejoined the witness quietly, "and you have no right to impose torture before putting the question."

Prisoners, too, have a fair proportion of "happy answers" credited to them. Of these perhaps the best known are that of a man who, when asked if he pleaded "guilty or not guilty," replied that he couldn't say till he had heard the evidence, and the naive response of the prisoner to the usual question before the sentence, "Have you anything to say, prisoner, before sentence is pronounced upon you?" "It's very kind of your honor, and if it's quite agreeable to the court I should like to say 'Good evening.'" On one occasion counsel in a certain drainage case submitted that the plaintiffs, the Sewage Localization company, had "no locus standi" in this court. "Heaven forbid!" was the fervent ejaculation of the learned judge. Something akin to this was the answer of the judge when complaint was made that a luckless process server had been compelled to swallow the writ he had endeavored to serve. "I hope," said his lordship gravely, "that the writ was not made returnable in this court."

The "happy answers," owing their point to Biblical or ecclesiastical allusions, are still more numerous, but in many cases are somewhat too audacious for print. "He is a regular St. Paul," was the final eulogy made by an enthusiastic friend of a certain needy clergyman whose chronic impetuosity had brought him into painfully frequent familiarity with the various processes of the law for the recovery of debts. "Yes," said the bishop, whose assistance was being solicited, "quite so. I see—in prisons oft!" The pardonable but injudicious enthusiasm of some clergymen over their musical services has given rise to many smart sayings, which are, at any rate, "ben trovato." None, perhaps, is better than the familiar one of the exasperated visitor who, after being made to listen in torment to Gregorian chants cruelly murdered, was told that according to tradition those chants owed their origin to King David

himself. The visitor, rendered reckless by his misery, retorted that he had often wondered why Saul threw that javelin at the royal psalmist, but he quite understood it now.

A careworn divine is reported to have said in reply to the ecstatic declaration of an intending Benedict that "nothing in the world beats a good wife," "Oh, yes, a bad husband often does, and—'vice versa'!" One would like to have known the schoolgirl who, in reply to her brother's jeers and inquiry, "Why girls should be always kissing each other and men not?" said that, of course, it was because girls had nothing better to kiss and men had—but perhaps she studied the question too deeply and developed into the fair cynic who, after a season or two of conquests, gave it as her opinion that men were like colds, very easy to catch and very hard to get rid of. Few better things are recorded than the answer of Beaconsfield to the question how he felt after the change from the stormy scenes of the commons to the serene atmosphere of the lords. "Feel!" answered the statesman. "I feel as though I were dead and buried," and then, noticing for the first time that his questioner was a peer, he added, with a charming smile and bow, "and among the blessed spirits of the great and good." This adroit recovery from an unfortunate slip recalls the familiar story of the prince regent and the officer of marines. In those brave old days of free drinking the empty bottles which gathered apace were styled "marines," for what reason it is hard to say. The prince called to a servant and bade him "clear away those marines." An officer of that distinguished corps who was present resented the observation as being—"to adopt the phraseology of Mr. Weller's motto-faced friend—"personal to the cloth," and requested an explanation. "My dear colonel," said his royal highness, with winning courtesy, "I called them marines because, like your fellows, they've done their duty and are ready to do it again." The apt replies in the language of compliment claim a literature of their own, but one must serve "pour indiquer les autres." "We shall never forget you," said a queen of society to one of her subjects who was making his adieux. "Your ladyship has now given me the only inducement not to return."—London Standard.

His Blooming Mistake.
A countryman of Goethe gives another instance of the difficulty a foreigner has with the English language. He was invited out to dinner soon after his arrival in England and was desirous of saying something in a very pleasant way and made use of the following expression: "Will you have the blooming kindness to," etc. He used it in the sense that the word "blooming" is used in German, as being something very charming and beautiful, little knowing what havoc slang has played with the word in England. He was absolutely at a loss to understand why everybody was so utterly horrified at what he thought was an extremely nice expression.

The Epworth League committee debated the proposition to recognize the League as the only young people's society in the church. This was hotly opposed on the ground that it would drive many young people out of the church.

At the meeting of the committee on episcopacy Dr. J. F. Goucher of Baltimore, for the sub-committee to consider the advisability of electing more bishops, reported that Bishops Bowman and Foster and Missionary Bishop Taylor were worn out and inefficient and recommended that two additional bishops be elected to strengthen the board. Dr. D. H. Moore of Cincinnati moved to make the number four and his motion was supported by Dr. Graw, Dr. Leonard and Dr. Kynett. Before action was taken the committee went into executive session and when it adjourned nothing could be learned as to the result.

The session of the conference was brief, but breezy. Considerable oratory was indulged in over the head lines of one of the morning newspapers, which made it appear that a conference delegate had denounced the Christian Endeavor Society as idiotic, because it had prayed for the conversion of Colonel Ingersoll. The storm quickly blew over, however. Rev. W. A. Quayle of Kansas City, the delegate referred to, denied the interview, but said nevertheless it was his opinion and he believed it was the sentiment of many of the delegates. He was loudly applauded.

Amanda Smith, one of the most famous colored evangelists, was present, and the conference suspended business to receive her. She was given the greatest ovation of the conference, and was requested to sing. The delegates joined in the chorus, and one song was insufficient and a second was called for and given. She aroused the greatest enthusiasm.

The most important matter brought before the conference was embodied in a resolution providing for the appointment of a commission to prepare a new constitution. The shortness of the session and the failure of the conference to transact much business was due to the delay of the committees in preparing their reports.

At the armory last evening there was a meeting of the church extension society, at which Dr. William A. Spencer of Philadelphia, one of the secretaries, read statistics showing that \$5,500,000 had been devoted to the work

THE M. E. CONFERENCE

Woman Delegate Question Pops Up In Committee.

BLOW AT THE C. E. SOCIETIES.

Effort Made to Have the Epworth League Declared the Only Young People's Organization of the Church—Preacher's Hostile Interview Causes Trouble.

CLEVELAND, May 13.—The committee on missions of the M. E. general conference has considered the request of the conference of India that missionary work be done among the educated people of that country. A memorial was received requesting that all appropriations for missions be made specific instead of general. Both were referred to sub-committees. The committee recommended that the contingent fund of the missionary societies be increased from \$25,000 to \$50,000.

The woman delegate question popped up fiercely in the committee when South America asked that lay missionaries be seated in the missionary annual conferences. Many of these lay missionaries are women and it was argued that their being a part of the annual conference would allow them to be delegates to the general conference. There was a hot discussion and the matter was held in abeyance, but will probably be settled by allowing lay missionaries to occupy seats in conference, but not to vote.

The book concern committee discussed and will probably recommend that The Church Journal be published in Spanish for the benefit of Mexico and South America.

The education committee decided against the proposition to consolidate all the educational institutions, a course of procedure recommended on the score of economy.

There was a lively time at the meeting of the church extension committee over some severe criticism of the financial management of the Church Extension society. The society loans money to weak churches with which to build, the society taking mortgages. The complaint was that often these mortgages were worthless and the interest not paid. Rev. Dr. Kynett, the secretary, made vigorous answer that they were a great church and not a money-making corporation; that it would discourage the spread of the church and the Gospel to be overextended, and that to press for the last penny used for Christ was not in line with true Methodism. The committee upheld Dr. Kynett.

The Epworth League committee debated the proposition to recognize the League as the only young people's society in the church. This was hotly opposed on the ground that it would drive many young people out of the church.

At the meeting of the committee on episcopacy Dr. J. F. Goucher of Baltimore, for the sub-committee to consider the advisability of electing more bishops, reported that Bishops Bowman and Foster and Missionary Bishop Taylor were worn out and inefficient and recommended that two additional bishops be elected to strengthen the board. during the past 50 years; 9,002 churches being added during that time. The collections for the past four years exceeded those of the previous four years by \$31,000.

A Receiver Appointed.
HUNTINGTON, W. Va., May 13.—The United States court has appointed Z. Taylor Vinson receiver for the whole-sale railway and mining supply house of Smith, Hobson, Brandt & Co. This was the largest house of the kind in the state. Assets and liabilities yet unknown.

Alleged Murderer on Trial.
BALTIMORE, May 13.—The work of securing a jury to try Jerome Council, a boy but little more than 18 years old, for the murder of his adopted parents, Captain Frederick and Mrs. Anna M. Long, for their money, has begun in criminal court here.

Missionaries Coming Home.
CONSTANTINOPLE, May 13.—Mr. Wheeler, the missionary, and family and the Gates family, consisting altogether of nine persons, have left Kharpoot, Armenia, on their way to America.

PHILADELPHIA, May 13.—The sixth annual convention of the Association of Military Surgeons is in session at the Broad Street theater.

QUEEN OF FIGHTING CRAFT.

The Cruiser Brooklyn Greater Every Way Than the New York.

PHILADELPHIA, May 13.—The cruiser Brooklyn or as she has been more appropriately dubbed, the "Greater New York," has returned triumphant to her dock at Cramp's shipyard. Her journey up the Delaware river from the capes was almost one continuous ovation, every factory along the way saluting the queen of fighting craft as she passed, and flags were dropped repeatedly.

The most conspicuous objects about the Brooklyn as she steamed up the river were the big numerals "21.07," painted in white on each side of the central smoke stack. These figures told to passing craft the story of the successful speed test. The Brooklyn has been designed as a more effective ship than the New York, being longer, heavier and possessed of supposed greater fighting qualities. Although the speed called for is the same, many of those on board are confident that she will, on her official test, about July 15, accomplish 22 knots, or one knot more than the New York.

Work is being pushed on the battleship Iowa and it is expected she will be sent away from the yard for her unofficial trial about Sept. 1.

BOND INVESTIGATORS NAMED.

Secretary Carlisle Says He Is Willing to Furnish Information.

WASHINGTON, May 13.—At the meeting of the senate committee on finance Chairman Morrill appointed a sub-committee of five to investigate the bond sales under the Peffer resolution, naming for that service Senators Harris, Vest and Walthall, Democrats; Platt, Republican, and Jones (Nev.) Populist.

Secretary Carlisle's letter to Senator Morrill saying that he was willing to furnish the committee any information at his command was read, and the chairman was authorized to request the secretary to supply a statement in writing with the understanding that if additional facts should be required he would be asked to appear personally.

U. P. MISSIONARY SOCIETY.

The General Convention Now In Session at Erie.

ERIE, Pa., May 13.—With the address of welcome by Miss Elizabeth Pollock of Erie, the general missionary society of the United Presbyterian church opened here. One hundred and seventy delegates were present. Mrs. Arney S. Biddle of Jersey City, first vice president, responded on behalf of officers and delegates. Other matters were simply of routine, and consisted of the responses in behalf of foreign missionaries by Mrs. Adlia Brown Ashenhurst, and on behalf of home missions by Mrs. Minnie H. Speer of Chicago. The president, Jean S. Sands, in her address spoke of the new woman.

Today reports are being heard from all officers.

Might Have Resulted Fatally.

BLUEFIELD, W. Va., May 13.—A fight has occurred between H. P. Woolwine of this place and Chief of Police W. T. Watkins. Had not one of the marshals, named Hazelwood, interfered and struck Woolwine with his mace the chief would have been severely injured or Woolwine would have been shot.

Relative of Jeff Davis Shot.

PARIS, Ky., May 13.—Jack R. Alexander, a great-nephew of Jefferson Davis, has been shot and mortally wounded at his saloon in this city by John Steers, a brakeman, whom he refused to credit for a drink.

IN HANCOCK'S MEMORY

An Equestrian Statue Unveiled at Washington.

PRESIDENT CLEVELAND PRESENT.

He Made a Brief Speech and Presided Over the Exercises—Senator Palmer the Chief Orator—A Grandson of Hancock Did the Unveiling.

WASHINGTON, May 13.—With imposing ceremonies the heroic equestrian statue of Major General Winfield Scott Hancock was unveiled here before an immense gathering which included President Cleveland, Vice President Stevenson and representatives of the supreme court, the diplomatic corps, both bodies of congress and army veterans and colleagues of the late general. The unveiling was preceded by a military demonstration. Four companies of artillery marching as infantry, four companies of marines, with the Marine band, light battery, Third artillery, a squadron from the Sixth cavalry, the full district militia and numerous military organizations, including the Second Army corps, at the head of which General Hancock achieved his greatest victories, participated in the parade. Brigadier General Brooke, commanding the department of the Dakotas, U. S. A., was the grand marshal of the day.

The exercises opened with a prayer by Rt. Rev. James Y. Satterlee, bishop of Washington. The principal address was delivered by Senator John M. Palmer of Illinois, major general of the United States volunteers during the war. A salute was fired as the unveiling of the statue took place. Seven hundred invited friends gathered at the scene, including many relatives and friends of the deceased general.

The statue stands in the heart of the business district of Washington. It is the work of Henry J. Ellcott, the noted sculptor, and its total height is 35 feet 8 inches, the distance from the plinth to the top of the hat is 14 feet 6 inches, and the height of the pedestal from the ground to the plinth is 19 feet 2 inches. The proportions of the rider are such that if standing erect he would measure 10 feet in height.

President Cleveland presided over the

exercises, making a brief address and announcing the programme to an audience, which included members of the cabinet, representatives of all the official circles, the judiciary, congress, diplomatic and army and navy.

Guyvan Hancock, a grandson of the general and his only male descendant, in the gray uniform of a West Point cadet, pulled a rope and the flags fell away from the statue, revealing it to the crowds, who gave three cheers, while cannon boomed a salute.

THE RIVER AND HARBOR BILL.
A Vote on the Measure Will Be Taken This Afternoon.

WASHINGTON, May 13.—The animated contest which has proceeded for four days in the senate over a deep water harbor on the southern coast of California has been brought to a close by a compromise between the conflicting interests. The issue has been between the points of Santa Monica, the terminus of the Southern Pacific, and San Pedro, the locality urged by the California senators. Senator Frye, chairman of the commerce committee, finally harmonized the differences by referring the determination, as between Santa Monica and San Pedro, to a commission, to consist of three civil engineers, a naval officer and an officer of the coast survey. The compromise was accepted by the California senators and was unanimously passed.

An amendment, urged by Mr. Gorman, limiting the expenditures under the contract authorizations to \$10,000,000 annually led to a lengthy debate. A motion by Mr. Vest to table the amendment failed, yeas 26, nays 31. An agreement was reached to dispose of the bill by 3 o'clock this afternoon.

Filled Cheese Bill Reported.
WASHINGTON, May 13.—The finance committee of the senate reported favorably the house-filled cheese bill, with some amendments. The amendments reduce the annual revenue tax on manufacturers of filled cheese from \$400 to \$240, and on wholesale dealers in the article from \$250 to \$200. The report was adopted by a bare majority of one, the vote standing 5 to 4.

Favorable to Nicaragua Canal.
WASHINGTON, May 13.—The Mahon Nicaragua canal bill has been ordered reported favorably to the house, with some amendments. The canal is to be constructed according to the plans of the engineer department of the army and under its supervision.

Higgins Men Bolt the Republican Convention.

ADDICKS' ADHERENTS IN CONTROL.

Each Side Held Conventions and Named Delegates to St. Louis—The Higgins Delegation Instructed For McKinley—A Lively Convention In Missouri.

DOVER, Del., May 13.—Before the adjournment of the Republican state convention here one of the stormiest battles in the history of state Republican politics had been waged.

Charges of fraud were exchanged and fighting over contested seats indulged in until it looked as if the convention would end in chaos. The war

J. EDWARD ADDICKS.

was between the factions respectively headed by J. Edward Addicks and ex-Senator Anthony Higgins. The Higgins men bolted the convention and held a separate one in the statehouse, W. Hastings presiding. These national delegates were chosen:

Anthony Higgins, John Pilling, Hiram Reedy, Dr. Paris T. Carlisle, Cornelius P. Swain and George H. Hall. They were instructed for McKinley.

The regular convention selected J. Edward Addicks, D. F. Stewart, J. Frank Allen, Dr. Hiram R. Burton, Dr. Caleb R. Latou. The Addicks delegates were uninstructed.

FILLEY HAS THE CALL.

The Missouri Republican Convention Adopts McKinley Resolutions.

ST. JOSEPH, Mo., May 13.—The Republican state convention was in session all night owing to the fight between the Filley and Kerens factions. The Filley contested delegates have been seated.

Before the opening of the convention members of both factions tried to break into the hall, and the police were compelled to use their clubs freely. The platform declares for sound money and well-known Republican principles. The delegates are instructed to vote for McKinley.

A. P. A. Supreme Council.

WASHINGTON, May 13.—The supreme council of the American Protective Association has held an informal meeting, the first of the convention. No special business was transacted, except the appointment of a committee on credentials, which is arranging to seat all contesting delegations.

FLED TO CELLARS AND CAVES.

A Cyclone Seizes the People of Lincoln, Neb.

LINCOLN, Neb., May 13.—A cyclone has swept this section. A funnel shaped cloud shot down from the storm cloud and a general stampede of citizens for cellars and caves ensued.

At the schoolhouse the children fled panic stricken to the furnace room amid the wildest confusion and many of them were hurt. The cyclone struck the ground north of the town. Its course was northwest. The path of the storm was from 200 to 300 yards wide and everything in this path was razed to the ground, including several houses. After traversing a distance of about two miles the cloud arose and at a point five or six miles further to the north dropped again to the earth, where it is feared that great damage and loss of life resulted.

Ex-Senator Davis' Son Drowned.

WHEELING, May 13.—Word has been received of the drowning at sea of Henry G. Davis, Jr., son of ex-Senator Henry G. Davis and brother-in-law of Senator Stephen B. Elkins. Davis had taken a cruise to South Africa for his health and was accidentally drowned in midocean.

Ex-Police Captain Sentenced.

NEW YORK, May 13.—Ex-Police Captain Edward B. Carpenter has pleaded guilty to the charge of bribery and has been sentenced to three months in the penitentiary and to pay a fine of \$1,500 for receiving a bribe of \$1,000 from the liquor dealers' association.

A Cyclone In Texas.

NOCENA, Tex., May 13.—A cyclone has struck the houses of S. K. Davis and E. J. Pruett, completely demolishing them. Mr. and Mrs. Pruett were severely injured and a small child of Mr. Davis was also badly hurt.

PITH OF THE NEWS.

European newspapers in general warn Spain against a conflict with the United States.

It is reported that two more Americans, supposed to be members of the Competitor's party, have been brought to Havana as prisoners.

The queen regent of Spain in her speech from the throne to the cortes discussed Cuban affairs at great length and promised local reforms to Cuba.

It is rumored at Washington that Secretary Olney has requested the withdrawal of the German Ambassador, Baron Thielmann. The trouble is the outgrowth of the Stern case.

CONGREGATIONAL CELEBRATION.

Centennial Anniversary West of the Alleghenies at Marietta, O.

MARIETTA, O., May 13.—The centennial anniversary of Congregationalism west of the Allegheny mountains has begun here and will continue three days. The meetings are held in the old First Congregational church, built in 1807, and still used for church purposes, having been frequently remodeled. It stands on the site of the original blockhouse used 100 years ago.

The visitors have been indulging in old-time reminiscences in and around the first white settlement in the northwest territory. Among those who participated in the program today were: Prof. Frank H. Foster, Oakland, Cal.; Rev. Alonzo H. Quint, Boston; President Charles F. Thwing, Cleveland; Rev. Delavan L. Leonard, Oberlin; Rev. Cornelius E. Dickinson, Marietta, and Rev. James Brand, Oberlin.

The program for tomorrow includes Rev. Washington Gladden, Columbus; Prof. Williston Walker, Hartford, Conn., and others. The celebration will close Thursday evening with addresses by representatives from Ohio, Indiana, Illinois, Wisconsin, Michigan and other representatives of the northwest territory.

When the New England colony first settled at Marietta April 7, 1788, they had no minister with them. Rev. Daniel Breck of Topsfield, Mass., was called the following July. In 1796 Rev. Daniel Story, a graduate of Dartmouth, was called. For years the settlement worshipped in the northwest blockhouse in the fort called Campus Martius. The church in which the celebration is being held is the mother of many churches and colleges in the west.

A GAS EXPLOSION.

Several Injured at the State School For Feeble Minded Youth.

COLUMBUS, May 13.—During a storm a falling tree slightly displaced and made a hole in the gas tank of the state school for feeble minded youth. Men from the city who move safes were hired to replace the tank in position. They supposed the gas had all escaped, but ignition, caused by lanterns, resulted in the burning of Dr. G. A. Doren, who has been superintendent almost 40 years; Theodore Lentz, chief engineer; Robert Joiner, George Churchman, William Banks and Thomas Hunt, expert laborers.

Superintendent Doren and Engineer Lentz are badly hurt, but not critically burned about face, hands and neck. Hunt is believed to have been critically burned. The others are badly burned.

ANOTHER POINT FOR DEUBER.

The Canton Manufacturer Gets In a Blow on the Watch Trust.

CINCINNATI, May 13.—John C. Deuber, watchcase manufacturer of Canton, O., who began the fight which finally broke up the watch trust, scored another point. Deuber and other companies paid to the Elgin and Waltham factories royalties in excess of \$100,000 on the Colby patents and pendant watches.

Later they refused to pay royalties and were sued. The lower court rendered decision against them. Judge Taft, of the United States court of appeals, not only reversed the lower court's decision, but declared the Colby patent invalid. The companies will now sue for recovery of money already paid.

Lead His Cycles Into Trouble.

DELAWARE, O., May 13.—Prof. Wm. Heistand, teacher of the high school here, has been compelled to answer to the city officials on the charge of riding on the pavement, which is contrary to the ordinance put in force two weeks ago. The professor was on his way to Greenwood Lake to spend the holiday with a dozen of his pupils. The entire party on wheels rode on the pavement about a half mile where the street was in bad condition. It is said that Prof. Heistand will pay the fine of the entire party.

Wound In the Leg Brings Death.

SPRINGFIELD, O., May 13.—"Shakey" Davis, who was shot in Kirkpatrick's saloon Saturday evening by the proprietor of the place, has died at the hospital while the wound in his leg was being rebandaged. The doctors say that Davis could only have lived a little while longer, as his lungs were in a terrible condition, and that the slight strain on them caused by the fever resulting from the wound, proved more than they could stand. Kirkpatrick has been arrested and placed in jail on a charge of shooting with intent to kill.

A Small Boy Shoots Two Girls.

NAPOLEON, O., May 13.—While a 10-year-old son of Fred Glanz, residing about five miles north of this place, was playing with a loaded shotgun, it was accidentally discharged, the contents striking his 14-year-old sister, and so injuring her that she died within half an hour. Some scattering shot also struck a little daughter of Charles Platts, who was visiting at Glanz's, and inflicted serious wounds about her head.

Asks For a Divorce.

PORTSMOUTH, O., May 13.—Mrs. Dora White has filed suit for divorce from Jesse White. The defendant is a prominent lumber dealer and sawmill proprietor of Sciotoville. The petitioner charges drunkenness, cruelty and threatening and attempting to kill, and numerous instances of recent date have been given. White is now a prisoner in jail awaiting trial for attempting to kill his wife.

Ordered to Pay a Dividend.

HAMILTON, O., May 13.—In the case of the First National bank of Lockland vs. Charles G. Gunkel, the report of H. H. Haines, receiver, has been confirmed and the receiver has been ordered to declare out of the funds in his hands a dividend of 15 per cent upon the respective claims of the creditors of the insolvent corporation.

Shot In Self Defense.

JACKSON, O., May 13.—Daniel Sid Davis, one of the most wealthy men of Jackson county, has been killed at Rousseau, by O. J. Burnett of Catlettsburg, Ky. Davis was drunk and Burnett shot in self defense.

Deaths From Cholera.

ALEXANDRIA, May 13.—There has been 22 deaths from cholera reported here.

A SEIZURE BY RUSSIA.

An American Scores a Point For That Country In China.

LONDON, May 13.—A special dispatch from Shanghai says that the Russians through an American agent named Smith have taken possession of the disputed territory at Chefoo, over which the British claim rights. Six Russian warships are there, as well as the Detroit, Yorktown, Olympia and Machias of the United States navy.

The dispatch adds that intense excitement prevails at Chefoo.

A dispatch to The Globe from Shanghai says that the Russians have seized lot 13 of the British concession at Chefoo in defiance of all legal and treaty rights.

The Globe's editorial comment on the dispatches from Shanghai contains the remark that: "The seriousness of the news from Chefoo cannot be overestimated. The action taken is in direct contravention of existing laws and treaties and cannot be viewed by Great Britain as other than an unfriendly act."

Trying to Save Jackson's Neck.

NEWPORT, Ky., May 13.—The argument in the Jackson trial continues. Colonel Crawford devoted much time in an attempt to discredit the testimony of the two negroes Allen Johnson and George H. Jackson, the cabman, but his greater effort was to create a doubt as to whether the girl was killed in Ohio or Kentucky, and also to establish an alibi for Scott Jackson.

Deadly Quarrel Over Women.

HOPKINSVILLE, Ky., May 13.—At White Oak Grove Ed Long has been shot through the heart and instantly killed. A quarrel over two women had arisen, where pistols were drawn and shots fired, one of them striking Long, an innocent bystander. Five of the combatants were arrested on suspicion.

An Ex-Cashier Pleads Guilty.

ROCHESTER, N. Y., May 13.—John Love, ex-cashier of the First National bank of Watkins, has pleaded guilty to the indictment charging him with making a false entry in a report to the United States comptroller. No time has been fixed for passing sentence. Love was a defaulter for over \$100,000.

Baltimore May Boycott St. Louis.

BALTIMORE, May 13.—President Von der Horst, of the Baltimore Baseball club, has sent the following telegram to Manager Von der Ahe of St. Louis: "Baltimore paper says you attacked our game receipts. If you intend to keep up this nonsense our club will not again appear in your city."

Ex-Senator Iden Convicted.

COLUMBUS, May 13.—Ex-Senator Geo. Iden of Newark has been convicted of having offered Clerk John R. Malloy of the house of representatives \$50 to falsify a roll call in 1893.

Got Ready For Death.

TIPTON, Ind., May 13.—Zachariah McNew, aged 87, has died at Jackson, this county, from the effects of a fall. He had a presentiment of his death, for he came to Tipton last week and purchased clothes in which to be buried.

Four Killed by Lightning.

CADIZ, Ky., May 13.—During a storm here John J. Wallace, a prominent farmer, and his three sons, sought shelter under a large sycamore tree. A bolt of lightning struck it and killed all four of them instantly.

Whipped the Matabeles.

BULUWAYO, South Africa, May 13.—Beale's column has inflicted a defeat upon the Matabeles at Movenie, without themselves suffering any loss.

LOCAL BREVITIES.

Mrs. Joe Larkins, of Peake's addition, is ill.

Born to Mr. and Mrs. John Dugan, of Calcutta road, a son.

There is a large crowd of Lisbon people in the city today.

Charles Kinney, Union street, is threatened with an attack of fever.

William Pilgrim received two fine new clinker boats from Pittsburg last night.

William Bogt, an employe of the Union pottery, is confined to his home with a threatened attack of typhoid fever.

A fakir is holding forth at the corner of Fifth and Washington streets today, and lemonade stands are erected all over town.

The warehouse girls of the East Palestine pottery are attending the circus in a body, and being entertained by a local grocery clerk.

The committee appointed to look after the matter of a municipal electric light plant will report at the next meeting of council.

A horse belonging to Edwin Oppelt became fractious on Third street and ran off, but was captured before any great damage was done.

The wreck train passed up this morning, its destination being Smiths Ferry, where some piles will be driven in the washed out culvert.

Invitations are out for the commencement exercises of the Mingo Junction high school, and a number from this city will attend.

A large delegation of Salineville people came in on the 5 o'clock train to see the circus, and another large crowd came in on the 9 train from up the river.

The Epworth league will convene at Toronto on Friday, and a two day's session will be held. Miss Pearl Sebring has consented to sing and will be present.

The funeral of Mrs. George Runyon took place this afternoon at 1 o'clock, from her late home in Knoxville, Jefferson county. Deceased was a sister of L. J. McGhie.

The Hudson is due down tonight. Squire Rose will leave on the boat for Cincinnati. Mrs. George L. Baxter, of Hancock county, will also take passage for Cincinnati.

A few finishing touches are being put to Calcutta road, to level up cavities made by recent heavy rains. The curb stones are already ready to be placed in position.

The funeral of Miss Laura DeBee took place this afternoon at 2 o'clock, from her late home near Calcutta. Reverend Lee officiating. Interment was made at Riverview cemetery.

A young lad, with a garter snake of immense size, that he playfully fondled without the least exhibition of fear, was a sight that passersby saw on Huston road yesterday afternoon.

John W. Wyman is filling Officer Jennings' place today, that officer being in Lisbon, and Oscar Bowles and Harrison Lyons were sworn in as extra police this morning, to act for today only.

A Franklin street saloonist has had painted on the side of his building a sign which reads, "Ladies' Parlor." The sign is attractive and will no doubt bring in a harvest of checkles, but not from "ladies."

The wharfmaster is authority for the statement that the river fell three inches in five minutes this morning. He gives as the cause the fact that the elephants were taken down to drink near the wharf boat.

The Elaine is taking the place of the Ben Hur on this trip, as the Ben Hur is carrying a delegation of Knights Templar from Parkersburg to Charleston. The Ben Hur will be up on its regular trip Sunday.

Miss Maude Cassidy, well and favorably known in East Liverpool, will hold the post of honor in the graduating class of the Pittsburg Kindergarten Training school, the graduating exercises to take place on May 19.

William Wedgewood, of Norton street, had a fox terrier dog stolen the other day by some sneak thief, and as the dog was a favorite and one of much value its owner would give much to apprehend the miscreant who ran off with the canine.

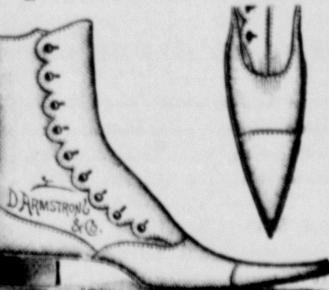

The majority of the potteries closed today, in order that the employees might attend the circus. The shipping side of the freight depot is shut down, and they are receiving no freight, as the circus train takes up all the available track space, and the bridge people on the Ohio pier are also loafing.

A patent medicine doctor, with a combination of song and dance artists, arrived in the city yesterday, and at the intersection of Broadway and Washington street last night, amused a crowd of people who had gathered.

Between acts, the dispenser of medicines would offer his wares for sale, and as usual found many who were willing to purchase.

Russian Officialdom.

An amusing yet suggestive instance of the prevailing corruption among all classes in Russia is shown in the following story:

One of the largest firms in the English iron trade contracted for the erection of a bridge in Russia. The bridge was erected and official inspection invited, but on one pretext or other it was put off until it became plain to the English contractors that unless they were prepared to bribe the inspector the bridge would not be taken off their hands. As they had cut the contract very close they could not afford to do so, and the official revenged himself by certifying the bridge to be unsafe. It had to be taken to pieces and shipped to England.

The sequel is most suggestive of all. A new tender "for a much larger sum" was sent in by the same firm. It was accepted. The very same bridge that was sent to Russia and brought back was forwarded again, re-erected, examined by the same official, received his approval and was taken over by the Russian government.

Of course in their new tender the firm left an ample margin, and the official, receiving a substantial "tip," approved of the same bridge that he had formerly condemned.—Pearson's Weekly.

HELD A LONG SESSION.

CONTINUED FROM FIRST PAGE.

improvements on Sixth street and let the people sue for damages if they wanted to.

Peake moved that the city clerk get bids from all the papers for doing the city printing. Kent seconded this.

Ashbaugh here arose and in a mighty effort said: "I would like to have this matter laid over for a week or two. We are going to start a new paper here in a short time and expect to get out a good paper, and will make these other fellows get down to the proper price to get the city printing." The motion was withdrawn, and the new paper will get a chance to bid on the city printing.

The bonds of H. C. Morley for \$1,000, with B. W. Haines and W. L. Smith as sureties; Frank Earl for \$500, with Drs. G. P. Ikert and W. N. Bailey as sureties; Harry Meador for \$500, with Messrs. McKinnon and Calhoun as sureties; John Whan for \$500, with H. E. Porter and Frank Dickey as sureties; William Jennings for \$500, with George Peach and Alvin Bulger as sureties; and James Hanley, with Clark and Arbuckle as sureties, were read and referred to the finance committee.

Marshall then brought up the matter of Peach Tree alley. A great deal of talk was indulged in, and Peake moved the city engineer do something, with power to act, but the matter was left in the hands of the finance committee and the sewer commissioner, to report on next meeting night.

Peake talked about enlarging the sewers on Minerva street, a matter which was finally referred to the street committee. Marshall wanted to know if street committee had any power to do anything, and the clerk read the law for his benefit.

A request was sent in by the school board asking council to pay for light in the tower, as they thought it was their duty. Referred to finance committee.

Fire Chief Morley then reported the following appointments: James McCullough, Henry Deidrick, George Bridgman, Thomas Bryan, William Terrence, E. D. McMillan and Joshua Curfman.

Marshall—There is one man among that list I would like particularly to see on the fire department, but I understand his age is over the limit. If it is he is disqualified. I speak of Joshua Curfman.

Morley—That is a fact, but I appointed him, and decided that if council objected I would have to appoint another man in his place. I would substitute the name of Byron Peterson in his place.

A motion was made to confirm the men appointed, but the council was informed by President Purinton that they had nothing to do with it. There was some talk on this, and many regrets were expressed that Curfman would have to go off the fire department, as he had been a very efficient man.

The matter of grading firemen was left in the hands of the fire committee.

Solicitor Grosshans read a letter from Billingsley in regard to the Hickman cases, in which he said the three cases could be settled for \$1500, and that the cases have passed out of the next week's assignments into the latter part of the term, in order to give Mr. Tayler a chance to take part in the cases. He closed by saying that council would be given time to consider propositions.

Stewart moved that council go into star chamber session with the counsel in the case, and as this met with one of Ashbaugh's pet ideas, he looked at Peake and seconded it, and wanted it "placed on the minutes that way, too."

Peake here started to talk about council of the city taking cases against the city, and was told that he had better save that for the star chamber session, but looked at Ashbaugh and murmured "that he wasn't as touchy as some people, and didn't care who knew what he said."

Stewart did not think it was right to go into star chamber sessions and finish negotiations. "I don't like to say all I have to say here. What we finally agree on can be done in open meeting."

The time for the meeting was about to be set, but Purinton spoke up and said: "If this is to be a star chamber session, we must be very quick about it."

John Ryan was present and spoke of the damage to his property on Lincoln avenue by the recent rains. He wanted council to fix the street, but didn't want damages. The matter was referred to the street committee, and council adjourned at 13 minutes to 11 o'clock.

NEWS OF THE COURTS

Saloonist March Pleads Guilty to Selling to an Habitual.

ACTION TO RECOVER JUDGMENT

An Order of Appraisal and Sale Issued to Smith Fowler—The Woodburn-Morris Case to Come Up This Afternoon—Large Number of Witnesses Present.

Lisbon, May 13.—Harry March, of Wellsville, was fined \$50 and costs by Judge Robinson yesterday on his plea of guilty to having sold liquor to an habitual.

The case of George Long and Nancy Carnes against H. G. Poltz was tried to court, and the lease for an 80-acre tract of land in Center township was declared to be null and void.

The probate court issued an order of appraisal and sale to Smith Fowler, administrator of the estate of Eliza Robinson, of East Liverpool. The property to be sold is a lot on the south side of Seventh street, and was formerly appraised at \$4,250.

The case of Mary Conant against Burgess Allison and wife, brought two years ago to subject Mrs. Allison's Wellsville property for the payment of a judgment for \$3,090, recovered at that time against her husband by the plaintiff, is being tried before Judge Robinson today, and will probably be on the greater part of the afternoon. In 1889 Allison borrowed \$2,500 from Robert Workman, giving his promissory note for the amount, which was secured by a mortgage on a deed of trust to West Virginia property and signed by the plaintiff. The defendant in order to induce her to do this agreed to give her a mortgage on other property to indemnify her against loss, and which he failed to do when the note became due. He was insolvent and she was compelled to assume the note.

There are a number of witnesses here to testify in the Woodburn-Morris case, which will probably be reached this afternoon.

Marriage licenses were issued to John Scott and Rosa Rigla and Frank D Stahl and Lucy M. Evans.

AUSTRIA'S BARBERS.

They Must Be Apprenticed Three Years and Pass Examination.

The Austrians take no chances with their barbers. They must be good, and the Barbers and Wigmakers' union of Vienna sees to it that they are. Provision is also made in their code for women barbers who desire to carry on the business of their husbands in case of the latter's death or illness.

But in order to do this the wife must have been enrolled in the union as an apprentice for three years. Apprentices, by the rules of the union, must appear in Vienna in the presence of judges of the union and show their skill before they are allowed to open shops of their own.

A properly certified barber must have a knowledge of and pass an examination in shaving, hair cutting, hair curling and wigmaking, and during the period before the issuance of a certificate the poor and others who are frugal serve as subjects for experiment.

At the examination the young men have their razors dulled by four strokes in a pine plank, and they must then sharpen them. A subject is assigned to each, who must be tonsorially perfect, in the opinion of the judges, when the apprentice has released him.

After this a certificate is issued and the apprentice serves two years as a journeyman before he may open a shop as an employer. The average age of apprentices when they begin to learn their trade is 13 years.—St. Louis Post-Dispatch.

When Economy Economizes.

"Will it pay?" should be the first question asked when looking over the old clothes with a view to making over. Time should be considered first, and if it can be put to a better use then let the garment go and buy a new one. If time will permit, then consider whether the garment will look well enough when completed to be satisfactory. Will it have a shabby, made over look, and, if so, will a quantity of new material remove that objection? They consider the expense of the new goods, make a few figures if necessary, and, once deciding that it is a paying investment, rip, cleanse and make, with a hearty faith in the good results.—Ladies' Home Journal.

Do you intend building? If you do, you will find it decidedly to your advantage to secure estimates from the J. T. Smith Lumber company.

THE LIBRARY.

The Dippers and Musicians' Union Endorse the Movement.

The library sub-committee appointed to visit the various local unions called upon the Dippers' union last night, and Messrs. Mumford, Ruhe and Danberg addressed the meeting. All the members are heartily in favor of the movement and each member subscribed, while the body donated \$10 for the work. This is the first donation from any of the organizations of this city, but it is thought that others will act in a like manner. The Musicians' union was also visited and endorsed the project, all the members putting their names to the list as contributors.

The World's People.

Seventy-two races inhabit the world and use 3,004 different tongues. There are about 1,000 religions.

The number of men and women is very nearly equal, the average longevity of both sexes being only 38 years. About one-third of the population dies before the age of 17.

According to the most careful computation, only 1 person in 100,000 of both sexes attains the age of 100 years and 6 to 7 in 100 the age of 60.

The total population of the earth is estimated at about 1,200,000,000 souls, of whom 35,214,000 die annually, an average of 98,848 a day, 4,020 an hour and 67 a minute.

The annual number of births is estimated at 30,792,000, an average of 100,800 a day, 4,300 an hour and 70 a minute.—Science.

In the Courts.

Miss Mary Fitzgerald commenced action in Squire Manley's court yesterday in a case of ejectment against Mrs. Cain. The case will be heard on the 15th. In the same court Fred D. Marshner sued one Dizzle for \$11, balance due on account. Attachment was made by Constable Lyon today on D. A. Frampton's goods to satisfy a claim of \$27.50 held by the East Liverpool Coal company.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1,235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.

HELD A LONG SESSION.

CONTINUED FROM FIRST PAGE.

improvements on Sixth street and let the people sue for damages if they wanted to.

Peake moved that the city clerk get bids from all the papers for doing the city printing. Kent seconded this.

Ashbaugh here arose and in a mighty effort said: "I would like to have this matter laid over for a week or two. We are going to start a new paper here in a short time and expect to get out a good paper, and will make these other fellows get down to the proper price to get the city printing." The motion was withdrawn, and the new paper will get a chance to bid on the city printing.

The bonds of H. C. Morley for \$1,000, with B. W. Haines and W. L. Smith as sureties; Frank Earl for \$500, with Drs. G. P. Ikert and W. N. Bailey as sureties; Harry Meador for \$500, with Messrs. McKinnon and Calhoun as sureties; William Jennings for \$500, with George Peach and Alvin Bulger as sureties; and James Hanley, with Clark and Arbuckle as sureties, were read and referred to the finance committee.

Marshall then brought up the matter of Peach Tree alley. A great deal of talk was indulged in, and Peake moved the city engineer do something, with power to act, but the matter was left in the hands of the finance committee and the sewer commissioner, to report on next meeting night.

Peake talked about enlarging the sewers on Minerva street, a matter which was finally referred to the street committee. Marshall wanted to know if street committee had any power to do anything, and the clerk read the law for his benefit.

A request was sent in by the school board asking council to pay for light in the tower, as they thought it was their duty. Referred to finance committee.

Fire Chief Morley then reported the following appointments: James McCullough, Henry Deldrick, George Bettridge, Thomas Bryan, William Terrence, E. D. McMillen and Joshua Curfman.

Marshall—There is one man among that list I would like particularly to see on the fire department, but I understand his age is over the limit. If it is he is disqualified. I speak of Joshua Curfman.

Morley—That is a fact, but I appointed him, and decided that if council objected I would have to appoint another man in his place. I would substitute the name of Byron Peterson in his place.

A motion was made to confirm the men appointed, but the council was informed by President Purinton that they had nothing to do with it. There was some talk on this, and many regrets were expressed that Curfman would have to go off the fire department, as he had been a very efficient man.

The matter of grading firemen was left in the hands of the fire committee.

Solicitor Grosshans read a letter from Billingsley in regard to the Hickman cases, in which he said the three cases could be settled for \$1500, and that the cases have passed out of the next week's assignments into the latter part of the term, in order to give Mr. Taylor a chance to take part in the cases. He closed by saying that council would be given time to consider propositions.

Stewart moved that council go into star chamber session with the counsel in the case, and as this met with one of Ashbaugh's pet ideas, he looked at Peake and seconded it, and wanted it "placed on the minutes that way, too."

Peake here started to talk about counsel of the city taking cases against the city, and was told that he had better save that for the star chamber session, but looked at Ashbaugh and murmured "that he wasn't as touchy as some people, and didn't care who knew what he said."

Stewart did not think it was right to go into star chamber sessions and finish negotiations. "I don't like to say all I have to say here. What we finally agree on can be done in open meeting."

The time for the meeting was about to be set, but Purinton spoke up and said: "If this is to be a star chamber session, we must be very quick about it."

John Ryan was present and spoke of the damage to his property on Lincoln avenue by the recent rains. He wanted council to fix the street, but didn't want damages. The matter was referred to the street committee, and council adjourned at 13 minutes to 11 o'clock.

NEWS OF THE COURTS

Saloonist March Pleads Guilty to Selling to an Habitual.

ACTION TO RECOVER JUDGMENT

An Order of Appraisal and Sale Issued to Smith Fowler—The Woodburn-Morris Case to Come Up This Afternoon—Large Number of Witnesses Present.

Lisbon, May 13.—Harry March, of Wellsville, was fined \$50 and costs by Judge Robinson yesterday on his plea of guilty to having sold liquor to an habitual.

The case of George Long and Nancy Carnes against H. G. Foltz was tried to court, and the lease for an 80-acre tract of land in Center township was declared to be null and void.

The probate court issued an order of appraisal and sale to Smith Fowler, administrator of the estate of Eliza Robinson, of East Liverpool. The property to be sold is a lot on the south side of Seventh street, and was formerly appraised at \$4,250.

The case of Mary Conant against Burgess Allison and wife, brought two years ago to subject Mrs. Allison's Wellsville property for the payment of a judgment for \$3,090, recovered at that time against her husband by the plaintiff, is being tried before Judge Robinson today, and will probably be on the greater part of the afternoon. In 1889 Allison borrowed \$2,500 from Robert Workman, giving his promissory note for the amount, which was secured by a mortgage on a deed of trust to West Virginia property and signed by the plaintiff. The defendant in order to induce her to do this agreed to give her a mortgage on other property to indemnify her against loss, and which he failed to do when the note became due. He was insolvent and she was compelled to assume the note.

There are a number of witnesses here to testify in the Woodburn-Morris case, which will probably be reached this afternoon. Marriage licenses were issued to John Scott and Rosa Rigla and Frank D. Stahl and Lucy M. Evans.

AUSTRIA'S BARBERS.

They Must Be Apprenticed Three Years and Pass Examination.

The Austrians take no chances with their barbers. They must be good, and the Barbers and Wigmakers' union of Vienna sees to it that they are. Provision is also made in their code for women barbers who desire to carry on the business of their husbands in case of the latter's death or illness.

But in order to do this the wife must have been enrolled in the union as an apprentice for three years. Apprentices, by the rules of the union, must appear in Vienna in the presence of judges of the union and show their skill before they are allowed to open shops of their own.

A properly certified barber must have a knowledge of and pass an examination in shaving, hair cutting, hair curling and wigmaking, and during the period before the issuance of a certificate the poor and others who are frugal serve as subjects for experiment.

At the examination the young men have their razors dulled by four strokes in a pine plank, and they must then sharpen them. A subject is assigned to each, who must be tonsorially perfect, in the opinion of the judges, when the apprentice has released him.

After this a certificate is issued and the apprentice serves two years as a journeyman before he may open a shop as an employer. The average age of apprentices when they begin to learn their trade is 13 years.—St. Louis Post-Dispatch.

When Economy Economizes.

"Will it pay?" should be the first question asked when looking over the old clothes with a view to making over. Time should be considered first, and if it can be put to a better use than let the garment go and buy a new one. If time will permit, then consider whether the garment will look well enough when completed to be satisfactory. Will it have a shabby, made over look, and if so, will a quantity of new material remove that objection? They consider the expense of the new goods, make a few figures if necessary, and, once deciding that it is a paying investment, rip, cleanse and make, with a hearty faith in the good results.—Ladies' Home Journal.

Do you intend building? If you do, you will find it decidedly to your advantage to secure estimates from the J. T. Smith Lumber company.

THE LIBRARY.

The Dippers and Musicians' Union Endorse the Movement.

The library sub-committee appointed to visit the various local unions called upon the Dippers' union last night, and Messrs. Mumford, Ruhe and Danberg addressed the meeting. All the members are heartily in favor of the movement and each member subscribed, while the body donated \$10 for the work. This is the first donation from any of the organizations of this city, but it is thought that others will act in a like manner. The Musicians' union was also visited and endorsed the project, all the members putting their names to the list as contributors.

The World's People.

Seventy-two races inhabit the world and use 3,004 different tongues. There are about 1,000 religions.

The number of men and women is very nearly equal, the average longevity of both sexes being only 38 years. About one-third of the population dies before the age of 17.

According to the most careful computation, only 1 person in 100,000 of both sexes attains the age of 100 years and 6 to 7 in 100 the age of 60.

The total population of the earth is estimated at about 1,200,000,000 souls, of whom 35,214,000 die annually, an average of 98,848 a day, 4,020 an hour and 67 a minute.

The annual number of births is estimated at 36,792,000, an average of 100,800 a day, 4,200 an hour and 70 a minute.—Science.

In the Courts.

Miss Mary Fitzgerald commenced action in Squire Manley's court yesterday in a case of ejectment against Mrs. Cain. The case will be heard on the 15th. In the same court Fred D. Marshers sued one Dozzle for \$11, balance due on account. Attachment was made by Constable Lyon today on D. A. Frampton's goods to satisfy a claim of \$27.50 held by the East Liverpool Coal company.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1,235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.
